Instruction for Health Check-up

- Book appointment for health check-up
- Please report for health check in overnight fasting status. (Kindly do not drink or eat anything for 8 to 10 hours except water.)
- If you are on medication for Diabetes or other conditions, continue medication as per your doctor advise
- A full bladder is necessary for Ultrasound whole abdomen scan. Drink 2 to 3 glasses of water
- Please bring old medical records for Doctor Consultation
- Avoid alcohol consumption 24hrs before health check up
- Home sample collection service is available for blood tests

Important instructions for women:

- Pregnant women or in case of suspected pregnancy should not undergo X-ray procedures
- Urine Test & Pap Smear are not advised during menstruation

Special instruction for TMT (Tread Mill Test):

- Male patients who undergo the TMT are requested to kindly shave the chest hair before coming for the test.
- Wear loose clothing & avoid wearing any jewellery.
 - **NOTE*:** Breakfast is not included in the packages. We provide pantry to have breakfast. You can bring your food or order online.
